#### Purpose

To help children grow socially, mentally, physically and emotionally within a Christian environment.

#### Goals

Our Pre-school program strives to help your child adjust to a group situation—helping him/her learn to feel comfortable with the sharing, the discipline, and the frustrations which group learning experiences can offer.

We will aid in fostering a positive self image, and will provide guidance toward seeing group relationships as potential joy. These goals will help your child develop a happy attitude toward school.
